NOTES FOR PROPOSED WORKS

- A** Due to the existing grade of the site, DDA compliance will not be met across the whole site, however DDA access from Upper Heidelberg Road to the platform seating area in the northern pocket park will be provided. Footpath widths will be DDA compliant
- B** The proposed works have been designed to meet relevant CPTED principles
- C** The southern pocket park will not hinder vehicular view-lines
- D** Bin collection points along the west side of Waterdale Road will be resolved as a function of the detailed design
- E** Pedestrian links between the southern pocket park and shared zone will be further resolved as a function of the detailed design inclusive of a Road Safety Assessment
- F** Materials and plantings will compliment the existing character of the local area
- G** Council officers to investigate the potential to install public art on the eastern wall of 150 Upper Heidelberg Road
