

Banyule's Social Infrastructure

Our Framework for a sustainable future

The **Social Infrastructure Framework** seeks to create lasting benefits by delivering community services and buildings that unlock potential, support multiple uses, enable social and economic growth and prioritise the environment.

What is social infrastructure?

Community services
that Council deliver

Community buildings

- libraries
- kindergartens
- halls
- sports pavilions
- meeting spaces

Why is access important?

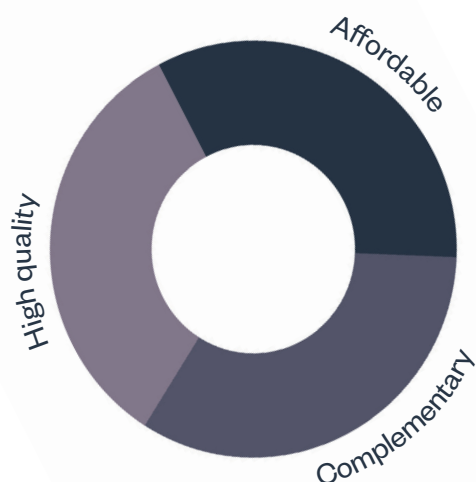

Improves social, health and economic wellbeing of residents

Increases satisfaction
with the place we live

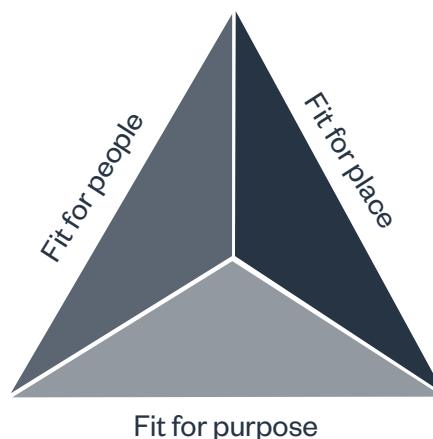

Benchmarks

Our Framework provides benchmarks to enhance outcomes.

Community services

Community buildings

We'd love to hear your thoughts about Social Infrastructure. Tell us what you think at shaping.banyule.vic.gov.au/SIF
